At C. T. I. one can pursue his individual interests,
but working together is our goal each day. We know
that the road to success is no man's private driveway.

Student Government Association

Preamble

We, the students of this Institute, in order to serve as a medium of two-way communication between the administration and student body and to provide opportunities for the development of leadership and responsibility among students, do hereby establish this constitution for the student body of this Institute.

Organization: President—Mack Wilson; Vice-President—Jackie Swanson; Secretary-Treasurer—Sandra Pritchard.

Day Senators: Jim Chandler; Terry Fulbright; George Robbins; Lynn Proffit; David Hamby; Brenda Lindley; Billie Presley; Gloria Early; Sheila Annas; Ralph Wood; Donna Moore.

NIGHT SENATORS:

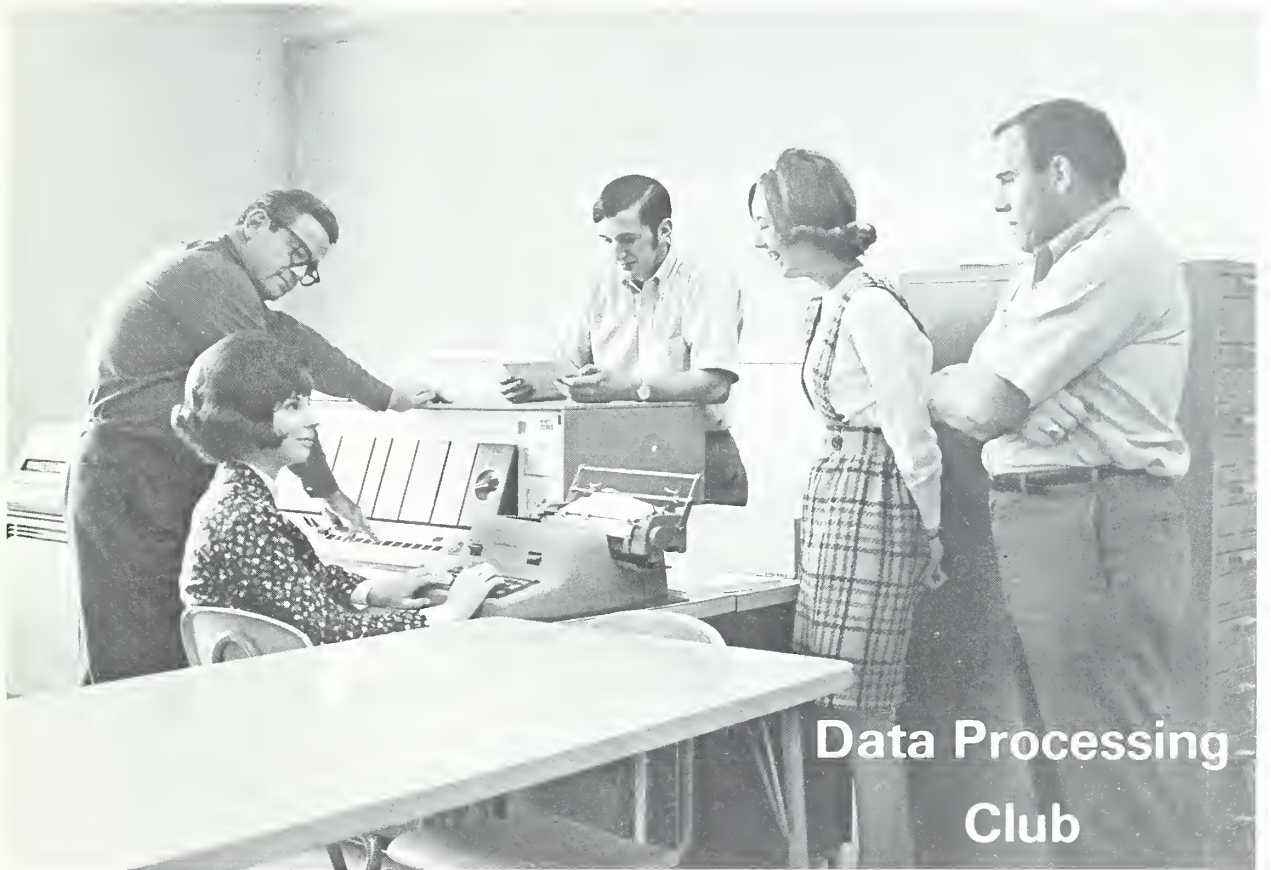

Paul Buchanan
Troy Ford
Joe Griffin
Ronnie Griggs
Elaine Hamby, Secretary
Junior Johnson
Bob Price
R. B. Riley
Gene Weaver
Nancy White

Student Affairs Committee: Tye Bishop, Instructor; Ralph Woods; George Robbins; Joe Amos, Instructor; Donna Moore; Gloria Early; Claudia Kincaid, Counselor; Lorraine Minton, Instructor.

**Data Processing
Club**

Officers: President—Ben Jones; Vice-President—Kav Reid; Secretary—Ken Ward.

CALDWELL TECH. ORGANIZES

Is it the truth?

Is it fair to all concerned?

Will it build good will and better friendship?

Will it be beneficial to all concerned?

SECRETARIAL SCIENCE
Medical and Executive

The demand for better qualified secretaries in our ever-expanding business, industry, government, and professional world is becoming more acute. The purpose of these curricula is to outline a training program that will provide training in the accepted procedures required by the business, industrial and professional areas and to enable persons to become proficient soon after employment in their particular field.

Caldwell Technical Institute is fulfilling its commitment to the citizens of this area by offering a wide variety of curriculum and non curriculum programs.

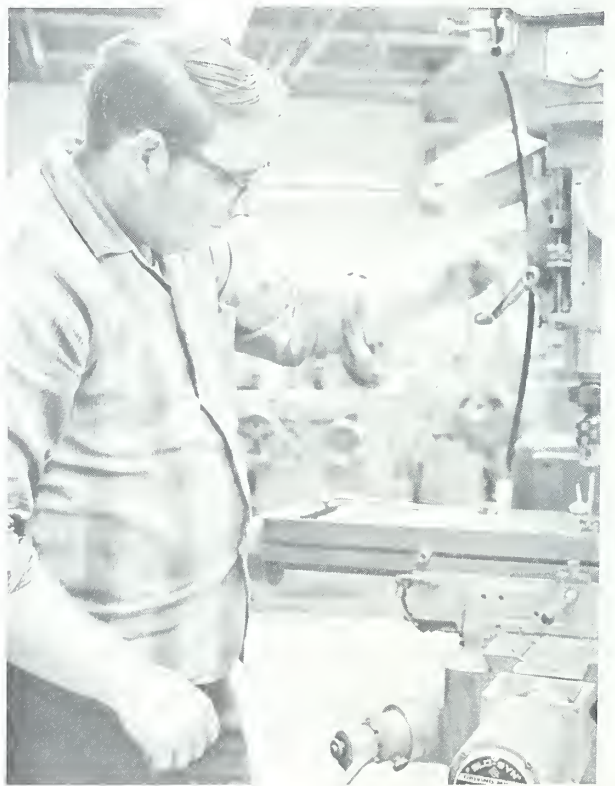

At one end of the education continuum, courses are organized for adults who are learning to read and write at the most basic level. At the same time, other courses are designed for persons who have progressed to the second year of college level. This wide variety of offerings necessitates the availability of competent and dedicated instructional personnel with up-to-date teaching resources and know-how. The numerical control milling machine in this picture is only one example of the modern equipment which is available for instructional purposes in our institution. As the institute grows and new courses are added, we will continue our efforts to offer quality programs that are relevant to the businesses and industries where our graduates likely will work.

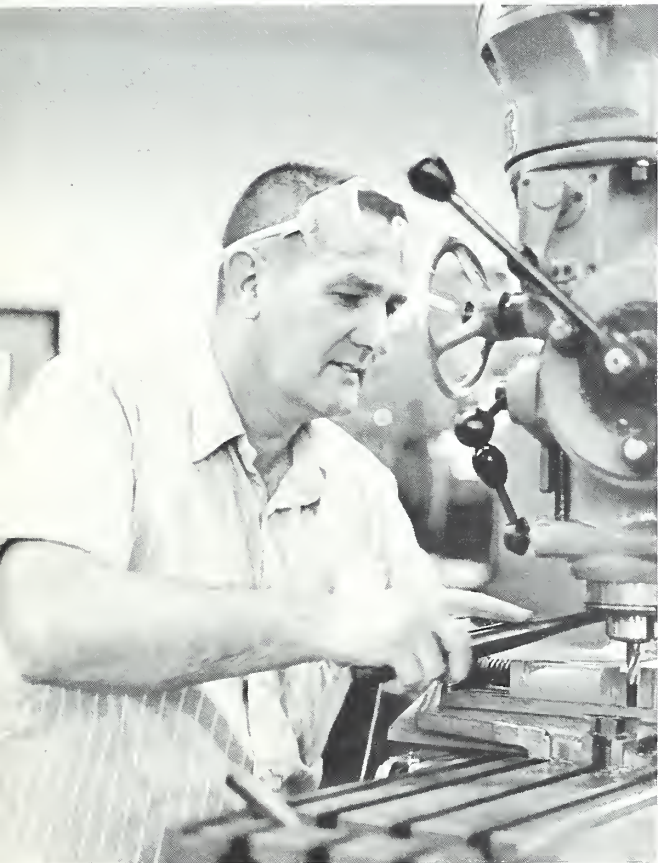

H. Edwin Beam, President

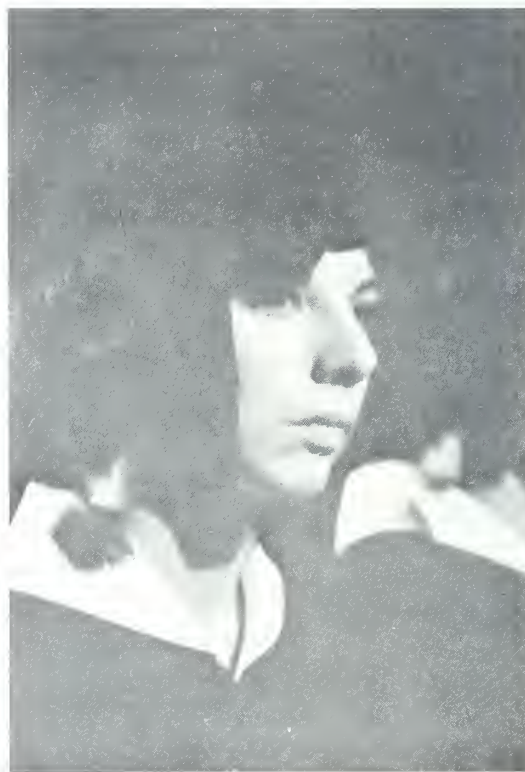

MACHINIST

This program will give students the opportunity to acquire skills and related information necessary to gain employment in the machine shop industry.

Twilight Graduation

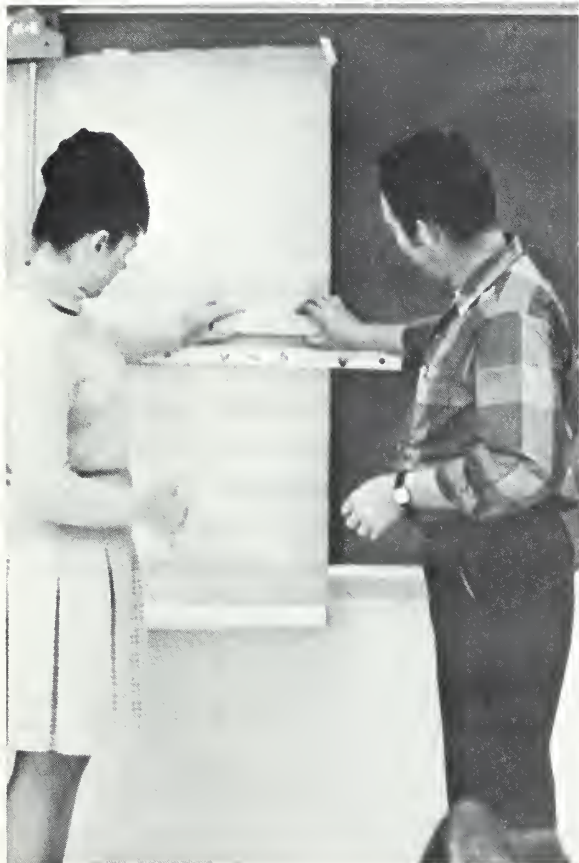

FURNITURE PRODUCTION ASSISTANT

This curriculum was developed by the Furniture Industry Advisory Committee and this Institute with the primary purpose of better performance on the job. This would include people who have Furniture Production jobs, but want to improve themselves, and people without jobs who want to become qualified to obtain one.

Graduates of this curriculum will be awarded an appropriate diploma and may transfer credit into the degree program if they desire to do so. They may serve the industry as machine operations checker, stock control man, expeditor, sub-foreman, drafting, liaison man, production control clerk, section or group leader, supervisory trainee, project man, sample man, and bill out man.

GENERAL ADULT AND COMMUNITY SERVICE PROGRAMS

Adult classes are held both at the institute and at various locations throughout Caldwell, Watauga and Avery Counties. These classes are designed to prepare individuals for employment or to upgrade workers already employed.

The General Adult department also serves area industries and public agencies by providing training for their employees. Training under this division of the Institute can be offered at any time a need for such training is established.

I have gained the most profit, and the most pleasure also, from the books which have made me think the most: and, when the difficulties have once been overcome, these are the books which have struck the deepest root, not only in my memory and understanding, but likewise in my affections.

J. C. and A. W. Hare
